Gen Ord is explained by the fact that it has been made at the suggestion of Gen Grant, who, white opposing may change in the other districts as injurious to the progress of reconstruction, has been of the opinion for some time that both the milli ary and civil administration in the Fourth district would be improved by a change of commanders. The President accorded 10 Gen. Grant's request and included Gen. Ord in the order of removal Hep proceeds at once to Cailfornia to relieve Gen. McDowell, who will assume command of the Fourth district on his arrival from the Pacific coast. This change will require about two months time to accompt his it.

I cannot state the particular reasons which have led Gen. Grant to desire the removal of Gen. Ord, but those who have closely watched the administration of the latter have not failed to observe certain peculiarities and inconsistencies of action, industing that the scope of the command was rather beyond his caliber. The state of affairs in his district at the present time in not regarded as very promising.

Thaddens Stevens has so far recovered from his recent indisposition that he is engaged in the preparation of a speech in favor of the Alaska appropriation bill. He incisits that his health is not as poor as either his friends or enemies think it.

Mr. H. will also prepare, at an early day, a complete system for remodeling the entire revenue department of the government on a basis which will make st independent in its action and not subject to political influences, and which will likewise involve the rentiling of every office in the department. The Heraid's special says it has transpired that a number of leading Conservalives have preposed to the Legislatures of the State which reeming the founteenth article of the Constitution. If New Jersey, Ohio and California were to do this, it is believed the article could not be gratted on the Constitution. General Howard proposes to meet the cases of distress in the South by a liberal application of the surpine funds under his control as head of the Freedmen's Eurean. In the case of some South Carolina planters who had no money to commence operations for raising cotton last year can. Howard, though not legally authorized to make such disposition of the bureau funds, advanced the sum of eighly thousand dollars, taking a lien on the crops for the repayment of the money when the planters sold their crops. The entire amount was liquidated, and Gen. Howard's course was greatly appreciated, In the case of the fairsisappi planters, who lost everything by the river inundation, it is proposed to adopt a similar considerable plant of action, and to relieve impreciated in which the greatest want prevals.

The first meeting of the Union League (mostly negroes), was held last night in Lafagette Square. Rev. T. W. Conway, late commissioner of the freedmen's turn reau for this State, presided. The resolutions adopted declared the object of the Leagne to be the release of Louisians from rebel rule. During the meeting extras containing news of the removal of Ord and Pope fell like bombshells among the leaders.

The reports of distress in all parts of the South among whites and blacks are far from exaggerated.
